

FULL STACK WEB DEVELOPMENT INTERNSHIP PROGRAM AT EDUREKA

SECOND PROJECT

CATCHOUT

Overview:

CatchOut is a cricket information web application to give users real time updates on the upcoming and other major cricket leagues. ... The CatchOut web application features news, articles including videos, scorecards, and team ranking.

History:

Cricket was introduced to North America via the English colonies as early as the 17th century, and in the 18th century it arrived in other parts of the globe. ... It arrived in Australia almost as soon as colonization began in 1788 and the sport reached New Zealand and South Africa in the early years of the 19th century.

Technology & Tools used in CatchOut:

Front-end Technology

- HTML-5
- CSS-3
